LEWIS COUNTY.

LEWIS COUNTY, February 20.

No longer need your readers carl the lip and say that Lewis county like many other counties of the State agitates but never consummates. Our narrow gauge milroad from Clarksburg to this place is a fixed fact. It will be completed in the early days of rosy June and when ready for travel will be one of the best of its kind in the country. The road will be twentybur miles in length, laid with a thirty pound rail. Wheeling newspapers ought at least to compliment us upon our enter-

fifteen or twenty boys in cadet caps display their efficiency in wasting powder, every boy of them costing the State a thousand dollars, hall of whom ought to be at

all this two more chairs—law and medicine—have been introduced, and I will

The Professors will be there, however,
